History: This message has been forwarded.

Hi, Marc and all,

this is why I am calling EPA, Marc, and I call the EPA because I want some serious action to deal with this below in my video that is near homes of living, breathing humans and children and people I know in my county. I did call DEP, Mike O'Donnell and left a message this morning. Then called EPA.

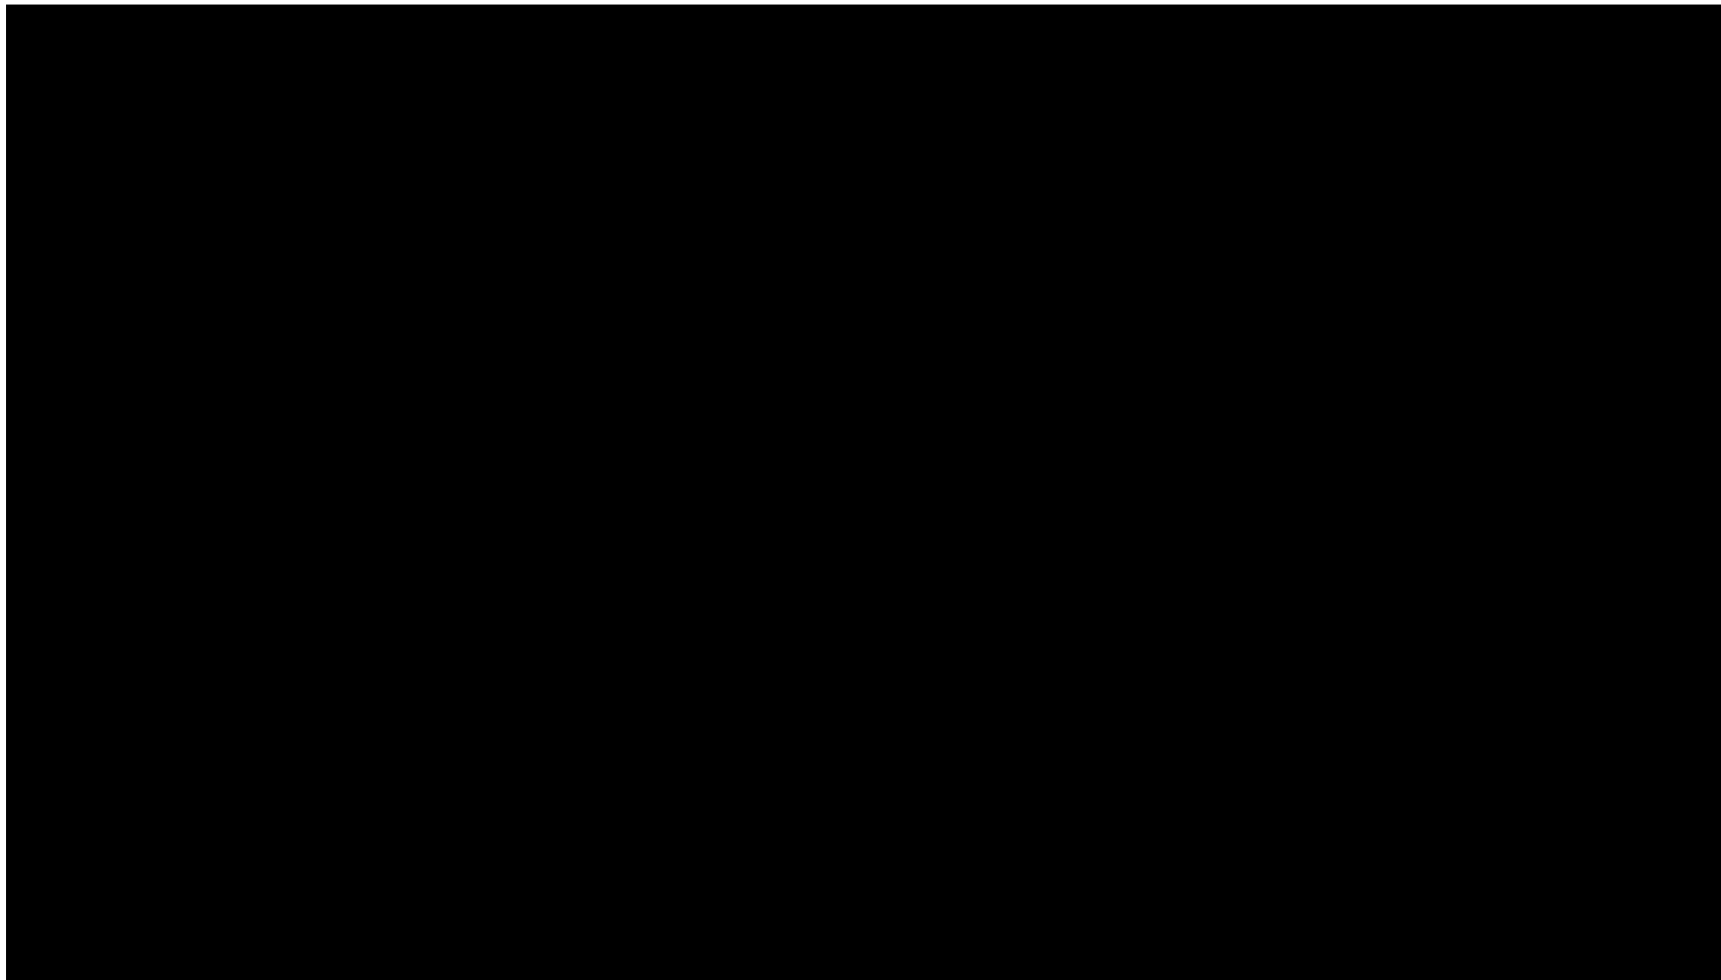

This is intolerable and should not be allowed by any agency of the government that purports to protect us !

Vera Scroggins
Citizens for Clean Water
Mothers Against Fracking
Susquehanna County, Pa.

[Redacted]

Homes nearby and a home with 4 young children just below this on Ely Road. I'm calling EPA and CDC. Bunnell Gas Site.
